

VOTE YES ON MEASURES C & G UPDATE & REPAIR SANTA ROSA SCHOOLS

Vote Yes on C & G to repair aging classrooms and labs and support quality education in Santa Rosa City Schools.

Measures C & G work together to ensure safe and modern classrooms for all of our students in pre-kindergarten through twelfth grade. Measure G upgrades our local elementary schools and Measure C upgrades our middle and high schools.

Voting Yes on C & G will update aging classrooms, labs, job training facilities and learning technology and replace deteriorating portable classrooms.

Measures C & G ensure our local schools are equipped to prepare all students for college and in-demand careers and that all local students have access to the same updated, 21st-century classrooms as other students in Sonoma County.

Vote YES on C & G to:

- Update classrooms, science labs, learning technology and job training facilities
- Provide updated equipment for classrooms, science and computer labs and libraries
- Replace deteriorating portable classrooms
- Repair leaky roofs and replace inefficient heating and cooling systems, electrical systems and plumbing
- Improve accessibility for students with disabilities
- Improve campus security, fire and earthquake safety

All funds stay in our local schools:

- Every penny must stay local to repair and upgrade local elementary, middle and high schools ONLY
- No funds may be taken away by the State
- By law, no money can be used for administrator salaries
- Independent citizens' oversight, annual audits and public spending disclosure ensure accountability for how funds are spent

Even if you don't have school-age children, improving local schools is a wise investment that improves the quality of life in our community and enhances the value of our homes. New facilities will also be available to every member of our community for after-school use.

Join local parents, teachers, business leaders and community members—**vote Yes on C & G!**
